

Patient Rights Under Florida Transparency Act of 2016

Per Florida law, St. John's Surgery Center is required to inform you that you may or may not be able to obtain the recommended medical services at a lesser cost at another facility or in another health care setting. Please know that your attending physician who prescribed your procedure(s) may not be on the medical staff of such other facilities or health care setting. St. John's Surgery Center schedules patient care when your physician schedules a procedure for you at this surgery center. As a patient or prospective patient at the facility, you have the right to request a personalized estimate from the center. The facility has one fee that covers the following items: Nursing, technician and related services; use of the facility; testing for certain lab tests performed at the surgery center such as glucose (blood sugar) and/or pregnancy; medications administered before, during and after your surgery while in the facility; surgical supplies used by the physician and staff; equipment used in the facility; surgical dressings if applicable; implants except those specifically classified as premium implants that require additional patient payment as arranged through the physician's office. All estimates of the service bundle are non-personalized based on anticipated services Actual cost will be based on services actually provided to the patient. <https://pricing.floridahealthfinder.gov>.

Separate Providers

Services may be provided in this facility by the facility as well as by other health care providers who may separately bill the patient. Those separate health care providers may or may not participate with the same health insurers or health maintenance organizations (HMOs) as this facility. Patients and prospective patients should contact each health care provider who will provide services in the facility to determine the health insurers and HMOs with which the provider participates as a network provider or preferred provider.

Another health care provider who will bill you for services includes your physician performing the procedure. Other providers who will bill separately if they provide you with health care services in this surgery center include an anesthesia provider who delivers anesthesia services to you at the facility and a pathology provider and laboratory which will analyze tissue your physician may require be sent to the laboratory to diagnose your condition.

You can contact the facility's anesthesia providers about whether they participate in your health plan.
